LinkedIn | Mail: phkhakadze.saba@kiu.edu.ge | +995-591917297

Skills:

Soft Skills: Teamwork, Time Management, Leadership, Effective Communication, Critical Thinking, Problem-Solving.

Tech Skills: C# (Advanced), Java Core (4.0GPA), ASP.NET Core Web API/MVC, PostgreSQL(3.7GPA), MSSQL, HTML, CSS, JavaScript (+React), Python (Core), Algorithms & Data-Structures, Trello, Git.

Work Experience

DevsData LLC

QA Engineer

January 2025 - Present

Worked as a QA Engineer ensuring the quality of both frontend and backend components of web applications. Conducted manual and exploratory testing, created and executed detailed test cases, and collaborated closely with developers to report and resolve issues. Performed API testing using Postman and verified frontend functionality across various browsers and devices. Utilized Git and GitLab for version control and workflow, and managed tasks and bug tracking through Trello.

Locafy – Localized Service Marketplace (University Startup Project)

Backend Developer

November 2024 –January 2025

Built the complete backend for Locafy, a localized service marketplace startup developed as part of a university project. Designed and implemented RESTful APIs using ASP.NET Core and Entity Framework Core, and deployed the application to Microsoft Azure. Handled user authentication, service listings, and booking features. Performed extensive API testing using Postman. Worked independently on the backend, coordinating with a team of frontend developers and managing all backend logic, database modeling, and endpoint documentation.

Projects:

Blogs-Application

Built a dynamic blog platform using ASP.NET that features user authentication, complete post management (CRUD operations), and interactive content sharing capabilities. Tested thoroughly using Swagger.

Technologies used: C#, ASP.NET MVC, MSSQL.

Video-Platform

Developed and thoroughly tested a custom video-sharing platform using ASP.NET, enabling users to watch and interact with uploaded content. Gained hands-on experience in backend development and web technologies.

Technologies used: C#, ASP.NET Core Web API, PostgreSQL, React, Postman.

eCommerce Web Application

Designed, developed, and thoroughly tested a full-stack eCommerce platform using ASP.NET Core Web API and React. Implemented secure user authentication with JWT, integrated PayPal for payment processing, and built a responsive frontend for seamless user experience.

Technologies used: C#, ASP.NET Core Web API, React, PostgreSQL, JWT, PayPal API, Postman.

MyPostman (Clone of Postman Application)

MyPostman app provides a user-friendly interface for making HTTP requests to APIs and viewing the responses in a formatted JSON. Ideal for developers and testers, this tool simplifies API interaction and debugging, helping you to efficiently validate and troubleshoot your API calls.

Technologies used: C#, .NET 8, HTTPClient, WinForms, JWT Auth.

EDUCATION

Kutaisi International University (KIU)

Bachelor of Computer Science

2023 - Present

Related Coursework: Data Structures & Algorithms, Theory of Computation, Computer Architecture, Database Systems, Operating Systems, Management, Software Engineering, Web Development, Principles of Programming Languages, Calculus, Linear Algebra, Scripting Languages.

GPA: 3.4/4.0

TBC IT Academy

.NET Back-End Development

2024-2025

Related Coursework: C#, ASP.NET Core, Entity Framework Core, Web API, SQL Server, Authentication & Authorization, JWT, Clean Architecture, Onion Architecture, MediatR, Repository Pattern, Dependency Injection, Git, MVC, RESTful API Design.

Professional Summary:

I'm a third-year Computer Science student at Kutaisi International University with a strong interest in software development. I have been creating and testing my own web applications for 2.5+ years, continuously improving my skills through hands-on experience. I maintain a balanced approach to life, combining my academic studies with continuous self-improvement. My disciplined and focused mindset helps me tackle challenges effectively, whether in programming or personal development.

Languages: English (C1), Georgian (Native).
